

American Chemical Society
248th National Meeting
August 10–14, 2014
San Francisco, California, USA

We invite pre-doctoral researchers and those within five years of their Ph.D. to contribute to a symposium for

**Young Investigators in
Nuclear and Radiochemistry**

Contributions will be accepted in all areas of the widely defined fields of nuclear and radiochemistry:

Applied Nuclear Chemistry

Spectroscopy

Nuclear Reactions

Nuclear Fuel Cycle

Fundamental Radiochemistry

Environmental Applications

Bioremediation

Nuclear Structure

High Energy Density

Related Fields

Submit at abstracts.acs.org before March 24, 2014.
More information is available [here](#).

If you have questions, then feel free to contact one of the organizers:
Cody Folden, Texas A&M University, Folden@comp.tamu.edu
Alena Paulenova, Oregon State University, Alena.Paulenova@oregonstate.edu
Jeff Terry, Illinois Institute of Technology, TerryJ@iit.edu
