

## First Circular

We are pleased to announce an international symposium celebrating the 50<sup>th</sup> anniversary of the Cyclotron Institute at Texas A&M University. The symposium will be held **November 15 - 18, 2017** on the campus of Texas A&M University in College Station, TX USA.

## Program

The title of the symposium is “**Exploring the Nuclear Frontier – 50 Years of Beam**”. The scientific program will feature talks focusing on the research areas of current interest to the Cyclotron Institute:

- Nuclear Structure, Reactions, and the Equation of State
- Nuclear Astrophysics
- Fundamental Symmetries
- High-Energy Nuclear Physics
- Applications of Cyclotron-Based Nuclear Science

In addition to the scientific program, we will host a celebration event on Friday afternoon, followed by historical talks given by former Cyclotron Institute directors. Tours of the Cyclotron Institute will also be offered.

## Website

All information about the symposium, including the details concerning abstract submission and conference registration, can be found on the conference website,

<http://Cyclotron.tamu.edu/50years>

## Important Dates

- *February 21, 2017* – First Circular
- *April 3, 2017* – Second Circular
- *July 17, 2017* – Abstracts Due
- *August 15, 2017* – Speaker Notification

## Committees

### *International Advisory Committee*

- Klaus Blaum (Max Planck Institute)
- Henry Clark (Texas A&M University)
- Charles Gale (McGill University)
- Brad Sherrill (Michigan State University / FRIB)
- Achim Schwenk (TU Darmstadt)

### *Local Organizing Committee*

- Greg Christian
- Cody Folden
- Rainer Fries
- Kris Hagel
- Jeremy Holt
- Yiu-Wing Lui
- Dan Melconian
- Grigory Rogachev

We look forward to seeing you November 15 – 18 in College Station!
